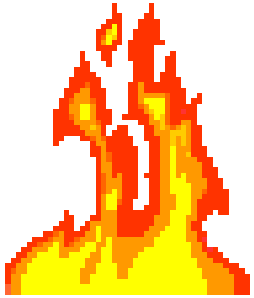
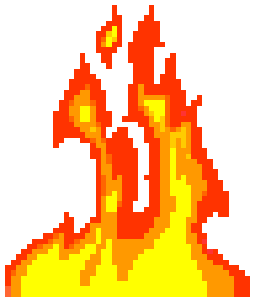
Fire Drill 13 Oct 06

- After Action Comment…
  - Where was everybody?





FIRE DRILL

First One OUT!

AWARD

Topic of the Day

“DUSTING”

‘Dusting’ - new killer high for teens

Canned air - the new cheap inhalant…

… it can cause severe damage and even death.

Dust Off

- "Dusting" —term comes from the cleaning brand "Dust Off" computer cleaner

  - Cheap, easily accessible
  - Found in most homes
  - One hit can be crippling or fatal

Warning Signs

- Not easily detected…
- Disappearance of the product at a rapid rate
- Empty cans or containers of chemicals in trash cans
- Large stashes of a chemical product in child's room
- Strange smells on or around a child
- Residue of the product on a child's clothing or face
- Complaints of numbness - tongue rds, or throat
- Dazed looks or bloodshot eyes

REVIEW

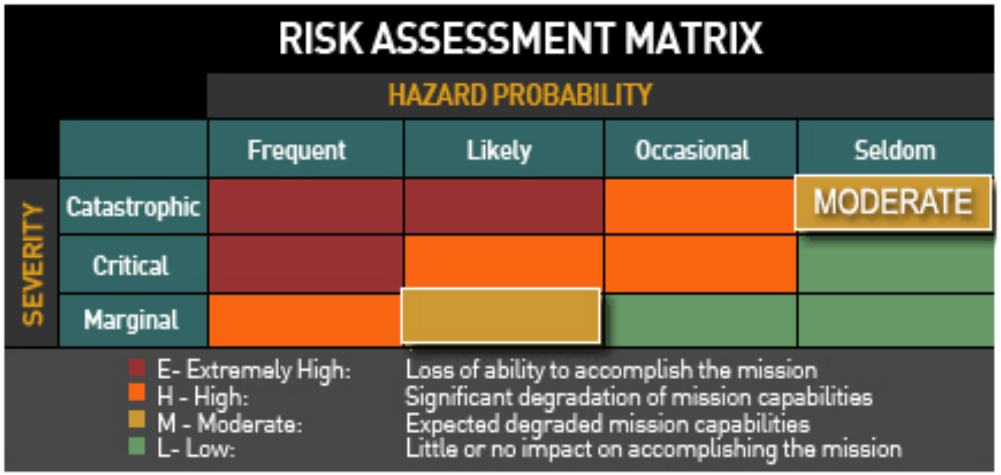
This trip has a 'MODERATE' level of risk :



Do you want to see ways to lower your risk?

Yes

ASMIS-2

- Gives
  - summary of driving risks associated w/ trip
  - opportunity to modify your trip
  - a route for your trip, as well as known construction areas
- Good tool for driving / traveling during the ho

Ladder Lunacy

Why Ladders?

- Fall chores
  - Cleaning gutters / downspouts
  - Stringing lights / other outdoor décor
  - Cutting trees / branc
  - Washing windows
  - Indoor holiday décor

Can you Reach it yet?

Choose the appropriate ladder for the job!

Let us pray this will work...

Care to wash this window?

Ladder Position: Ensure Stability

This ole’ ladder will work...

The rung won’t move now…

Check for potential dangers

Don’t worry …

I’ll hold the ladder for

Avoid using ladders near power lines

Just give me your hand and I'll pull you in!

No matter what it takes… I’ll get this Satellite dish to work!

STABILIZE

The 3
Laddereros

I wonder why the top step is red?

Do not step on top platform or step

Look, boss! This machete works well ~

Fancy Meeting You Up Here!

Choose the appropriate ladder for the job

Certificate of Appreciation

is hereby granted to:

Susan Stevens

for recognizing and correcting a potential safety hazard

“Portable Ladder in the Door”

Building 90 Safety
